

Lifting stati. Aqualift F XL 300l Duo, SPF 1400-S1,Cast-iron shut-off val.

Article information

Item no.: 11093 GTIN: 4026092057605 Price group: 50

Advantages

- Different performance classes available
- Pressure sensor for reliable pneumatic level measurement
- Maximum operating reliability due to intelligent control unit (Duo)

Description

The lifting station for faecal and faecal-free wastewater is equipped with one or two submersible pumps and a backflow preventer. The collection tank made of permanently resistant polymer (PE) offers universal connection options and has a screwed access cover.

| Variant Type of system: Shut-off valve: Pressure pipe connection: | duo pump Shut-off valve made of cast iron vertical |
