

Controlfix backwater tech. mod. DN 100, two inlets in flow direction

Article information

Item no.: 851003 GTIN: 4026092079348 Price group: 60

Advantages

- Komfort: expensive living or useful space is not lost
- No system noises or unpleasant odours and soiling in the building
- Straightforward installation thanks to low weight of the combined engineering chamber modules and variable upper sections for adaptation to the ground level

Description

The backwater technical module is equipped with an integrated clean out Controlfix and access steps. Thanks to the modular KESSEL system, the clean out can easily be converted to a Staufix SWA Premium backwater valve, Staufix FKA or Pumpfix F backwater pumping station.

Variant Chamber system:

modular chamber

General characteristics Colour: Material: Type of wastewater: Installation situation: Delivery state: Approval:	black PE-HD with sewage underground installation Installation-ready (connection parts must be connected on site) Z-42.1-527
Dimensions Net weight: Gross weight: Groundwater resistant from lower edge of base section: Vertical drop between inlet and outlet: Width: Height: Packaging dimension: Packaging dimension: Packaging dimension:	64 kg 82 kg 3000 mm 9 mm 1200 mm 520 mm length width height
Tank/drain body Channel: Tank width max.: Distance from centre of outlet pipe to tank bottom: Distance from centre of inlet pipe to tank bottom: Number of outlets: Outlet nominal size (DN): Inlet nominal size (DN): Number of inlets: Clear width of tank (LW):	continuous channel with inlets in the direction of flow right and left 90 degrees 1390 mm 267 mm 277 mm 1 100 mm 100 mm 3 1000 mm
